SINGLE COPY — 10c — SUBSCRIPTION

### Construction Underway This Week On South Bay's New Water Plant

"That's where it goes," South Bay water commissioner Franklin Kelley pin-pointed on the city map at the last meeting of the commissioners when plans were finalized for construction to begin on the City's new water plant.

South Bay's new water treatment plant got underway this week when Roemer Construction Company received notice from Brockway, Weber and Brockway Engineers to proceed with construction, South Bay City Manager Bill Eggleston announced.

The new modern semi-automatic treatment plant has capacity of 500 gallons per minute and can be boosted to 750 GPM with slight additions which would permit South Bay to supply several new large users.

The plant will be located on a five acre tract acquired from South Bay Growers, between the levee and the old rock pit in the lake bottom. This location was favored because it will permit raw water to be pumped from the rim canal, settled for approximately 200 days in the rock pit, and then treated for use.

The plant will have 100,000 gallons storage capacity, connected to the present elevated tank by a 12" main along the edge of the dike and the new US 27 high capacity pumps controlled by telemetric signals will maintain water levels in the elevated storage tank.

In appearance the plant will have an elevated curtain wall (Continued On Page 7)

### Another Car Goes In Canal

Another car was pulled from the canal waters early Tuesday morning, but luckily no one was seriously injured.

The car, a 1962 Chevrolet 2-door sedan, driven by Doris Rose, a salesman, who resides at 853 People's Road, West Palm Beach, was driving east on the airport road, about 6:12 a. m., and apparently lost control of the car near N. E. 25th Street. It went into the canal and was completely submerged.

The driver escaped, and Belle Glade Police were called.

A wrecker was called and helped pull the car from the canal waters.

Patrolman Clyde Lamb, of the Belle Glade Police Department, made the investigation of the accident, and reported that contributing circumstances were failure to have the vehicle under control.

### Glades Growth Handicapped By Dangerous Highways

MR. JOHN MONAHAN, MEMBER STATE ROAD DEPT. MR. CLARENCE DAVIDSON, DISTRICT ENGINEER, STATE ROAD DEPT. DISTRICT OFFICE FT. LAUDERDALE, FLORIDA

Appalling number of automobile accidents and loss of lives due to deteriorating road conditions in Glades Area of Palm Beach County continues to grow — If economic expansion of agricultural area is to continue, especially 100 million dollar sugar industry, relief in future planning of highways for Glades is Mandatory.

Will you advise us, Belle Glade Herald, (1) Are future State road planning surveys contemplated to include Glades area for this road district? (2) Have there been any studies made by State Road Department to prevent motorists from crashing in canals which parallel so many roads in this area? (3) Has any thought or plan been considered to eventually move road bed away from canal or to provide more shoulder on canal side of road — (4) Does State Road Department consider State Road 80 of sufficient cross state importance to warrant high priority for improvement and "four lining"?

We appreciate any information you can give us regarding this serious problem. Area citizens must look to future progress and improvement of roads in order to plan business growth.

Belle Glade Herald

### Two Men Injured In Accident At Sugar House Bldg.

Two out of town men, employed by building contractor from Tampa, doing work on the expansion of the Sugar House Agricultural Shop Building, were injured, one seriously, in an accident about 9:00 A. M. Tuesday morning.

According to the reports, the two were working about 30 feet above the floor when the temporary structure gave way and both men fell to the cement pad. One man was hit by the falling steel and is in pretty bad condition. Both men were rushed to Belle Glade Hospital. The more seriously injured man was later taken to West Palm Beach. The other is still in local hospital.

THE HERALD has run a series of stories over the past many weeks, as well as back through

many years, regarding the serious conditions of roads which have contributed to increasing loss of lives in the Glades area. We are, by these stories and

grams, attempting to bring to those responsible for road planning, construction and maintenance, both County Commissioners and State Road board members, the urgency of this situation.

In a telephone conversation Wednesday with Sgt. Tom Hodges, safety officer of the Florida Highway Patrol, he said — "The deplorable condition of Glades roads is responsible for a considerable toll of lives needlessly lost. There's an urgent need for advanced engineering studies in the Glades, road planning and construction, that would alleviate the heavy life and property loss in that area."

From January of 1964 through July 305 ACCIDENTS in the Glades — each side of 20-mile bend — were handled by the Florida Highway Patrol, resulting in 18 deaths, 233 injuries and \$221,000 in property damage.

### Parking — Big Problem For B-G Merchants

The Steering Committee, of the Belle Glade Merchants Association, met Monday evening, and discussed the advertising and promotion of the downtown area.

One thousand bumper sticks have been ordered, calling attention to "Service and Trade At Home Builds A Better Belle Glade." These will be put on the cars of local merchants, employees, and friends.

The City of Belle Glade has offered to cooperate with the Merchants and will cover the parking meters on Avenue A and adjacent streets, from August 24th to the 29th.

A continuous advertising program by Belle Glade merchants is being pushed and ads will continue offering savings to local customers for the next three weeks.

Parking was again brought up, and all agreed that local merchants are "behind the eight ball," when it comes to parking space for their customers. Some time was spent, discussing the problems, but no complete answer, as yet, has been arrived at.

Chief Goodlett's office of the Belle Glade Police Department reports 188 car accidents within the city limits for the first seven months of this year, but only one fatality.

LT. Senechal of the Glades Sheriff's office reports 45 accidents handled by their department thru July of this year, but no fatalities.

South Bay Chief of Police Ralph Ward said Wednesday their department has handled 17 accidents and two persons were injured.

Citizens in the area have been aroused and efforts are underway on a community-wide scale, being spearheaded by Henry

Earwood, safety Committee Chairman of Belle Glade Lions Club with the Belle Glade Chamber of Commerce as co-ordinator asking the help of every organization and every citizen in Palm Beach County on the ROAD-CANAL HAZARD in the Glades.

Support from incoming county commissioner "Bud" Weaver has been pledged by a letter to the safety committee this week. Suggestions are coming in from all sides covering immediate preventative measures, such as planting a Japanese rose hedge along canal banks, which has proven successful in California and other states.

### Two City Employees Will Retire

C. T. Pennington, head of the Belle Glade Street Department, expects to "call it a day" about January 1st. After all, he has been working here for over 20 years, and a fellow ought to have some time for himself.

Pennington came to Belle Glade in 1943 from Georgia. He married a Georgia girl, Miss Beulah Bowman, and they had 7 children, five of whom are still living. A married son lives in Clewiston, another married son lives in Palatka, Florida and another in Portland, Oregon. A daughter lives with the Penningtons at their home at 609 S. E. 4th Street, Belle Glade.

Pennington started to work for the city in 1944, and as City Inspector, he quit after eight months and went to work for himself in the building trade. After about a year and a half, he went back to work for the city, in 1947, on the Police Department. A year later, he

W. L. Cunningham, Sr. Belle Glade's building and grounds inspector, has seen many changes in this area in the last 40 years. Many of these he helped to create.

Mr. Cunningham moved to Belle Glade with his wife and five children in September 1922 and went to work for Wells and Royals Department Store located on Southwest Fifth Street. He worked there for a year and then opened a grocery store on Southwest Fifth Street, but sold out after a year and went to work on the construction of the locks in this area. After a year and a half he went out on his own and followed general building and carpentry work until October 1937.

He was appointed City Clerk in October 1937 and while in that position helped secure Federal Public Works money that was used in the construction of (Continued On Page 7)

### Florida Development Commission Survey Outlines Our City Needs

#### Belle Open Next Wed. Afternoon

Belle Glade Merchants are urged to keep their stores open next Wednesday, August 26th for the big BACK TO SCHOOL Sales Campaign.

Schools open August 31st and next week is the last chance merchants will have to push Back To School Savings.

The planning portion covers a population and research study, and land use analysis, including an analysis of the residential area and a discussion of general land use.

Implementation covers capital improvement, the business district, annexation, and planning procedure.

The Commission's report said the new fire station should be located away from the heart of the city. If the report is adopted, the new station would be

Belle Glade City Manager, Tevis Hugely, received last week the long-awaited survey by Florida Development Commission, on the needs of this City.

The report took two years to compile. The total cost of the survey was \$10,000, with the city paying \$5,000 and the Federal Government \$5,000.

The survey covers three major categories — research, planning and implementation.

The planning portion covers a population and research study, and land use analysis, including an analysis of the residential area and a discussion of general land use.

Implementation covers capital improvement, the business district, annexation, and planning procedure.

built at a cost of \$85,000. It also recommended an expansion program be started on City Hall. While the Commission claims City Hall is now crowded and will soon be inadequate, it recommends only \$15,000 on this project.

The largest expenditure that the State Commission recommends is that of \$150,000 for a new library.

Improved paving of streets and sidewalks, more park area and a general improvement of downtown area, was said to be needed.

The report points out that the annual rate of growth is an ex (Continued On Page 7)

#### Time Running Out..

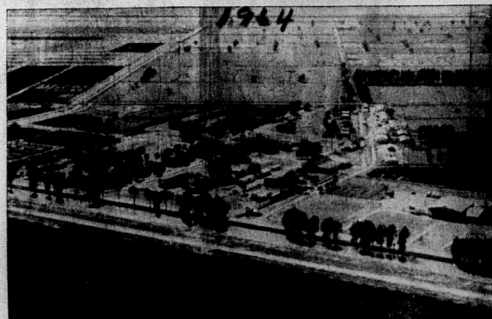

With two seats open on the City Commission, City Clerk Vera Jones reminds that August 26 is the last day to qualify. Registration books close September 4, if 7:00 have not registered be sure to do so TODAY.

### With More Than 40 Years Scientific Work In The Glades

#### Everglades Experiment Station

Has Contributed Greatly In

DEVELOPING  
AGRICULTURAL  
RESOURCES  
EFFECTIVELY

There are those in the Glades who remember when it was difficult to breed cattle in the Glades—

It was impossible to secure a healthy and productive bean in the sawgrass when "beans wuz beans"—

It was impossible to secure poultage on healthy steers on the lush Pampa grass—

When celery would just burn open after stalks were near ready for market—

Developing Agricultural Resources Effectively has been

going on in the Glades for years, with the EVERGLADES EXPERIMENT STATION as the focal point, and major contributor in scientific application of improved technology in varietal determination, cultural practices, fertilizer, diseases, insects

and enemy growth; water control is a necessity, born of the peculiarities of temperature, rainfall and topography of the Gladeslands.

Sugarcane, celery, and sweet corn head the list of volume and monetary returns from

Glades crops whose present day varieties and production procedures, including the distributors' market, bear the imprint of the Everglades' Experiment Station.

Beet production owes its basic success to methods and

procedures developed under the guidance of scientists of both the State and Federal government at our Experiment Station. Breeding and consistent poundage-gains from our high protein grasses and forages; disease and insect control — these are solu-

tions found through farmer and scientist cooperation. The full gamut of agricultural production in twenty odd winter vegetables, shipped in carloads from the area, find improved methods brought to practical accomplishment in the farmers' fields via the scientists' route.

Sod which leaves the Glades daily in 7,500-square-foot loads to total millions of feet annually delivered to most states south of the Ohio and east of the Mississippi, is subject to continuous up-grading as to variety, quality and profit-making suggestions from the laboratory and trial fields.

## Xi Beta Gammas Will Present Glades Follies

Overall plans were laid Monday night, August 17th, at the home of Mrs. Thomas P. Baker, President, Xi Beta Gamma Chapter, for the Glades Follies of 1964, a production of the Jerome H. Carrell Organization, with headquarters in New York City.

Mr. Craig Atkinson, Business Manager for the organization, arrived in Belle Glade enroute from St. Petersburg to New York, and outlined all phases of the production for the respective chairmen. Mr. Atkinson, who recently played in "The Music Man," made only an overnight stop preparation to the coming of the director of the follies production on Sept. 28th.

Chairman, Mrs. Thomas P. Baker outlined the duties of the respective chairmen and guide sheets were given to each member. Special instructions were given to Mrs. Earl Lindrose, Advertising and Program Chairman, as her duties will begin immediately with ad work.

All members were most enthusiastic for all personnel to be chosen locally by the casting director at a special talent party to be held September 29th in the evening. Invitations will be issued by the chapter to those who wish to participate in this spectacular.

Also contributing to their enthusiasm was the thought of all the profits from this production being used for the room furnishing project at the GLADES GENERAL HOSPITAL.

Play dates will be announced at a later date by Xi Beta Gamma Chapter, according to Mrs. Eddie Jones, Co-Chairman.

## 8 Year Old Donny Has Birthday Party

Mrs. Paul Jackson entertained Monday afternoon at her home at the Experiment Station with a birthday party for her son, Donny who will be 8 years old on Saturday. The party was held early because Donny is scheduled to undergo tonsillectomies on Thursday at Good Samaritan Hospital.

The guests played games with Mike Haddon winning twice, and they played outdoor games together. Guests attending were Mike Haddon, Theresa, Pam and Christina Nelms, Bobby Allen, Thomas Brooks, Chip Lewis, Chipmy and Bonnie Harris, Gwen Mott, Johnny Allen and John Hayes, and Donny's sister, Susan and brother, Terry.

Debbie Lewis, Lois Jackson, Diane Jones, and Mrs. Nelson Nelms assisted Mrs. Jackson. Refreshments were birthday cake decorated in blue, ice cream, kool aid and candy.

## Cub Scout Den 7 Holds First Meeting

Cub Scout Den 7 of Pack 622 held their first meeting of the year yesterday afternoon with Mrs. Jimmy Bryan, their den mother assisted by Greg Jones, den chief. Tommy Zietler has been denner and Noel Fuller, assistant denner. David Goodlett has been Keeper of the Backskin.

Items of business for this week's meeting included making plans for the fall including plans for a trip to the Hotspring Bakery in Miami before school opens. Also on the agenda were plans to elect a new denner, assistant denner and Keeper of the Backskin to serve for the first half of the school year.

## Cindy Cunningham Birthday Honoree

Miss Cynthia Cunningham, daughter of Mr. and Mrs. J. R. Cunningham, 400 S. E. 3th St., was honored on her tenth birthday with a slumber party at the home of her parents, Friday night, August 14.

A lovely birthday cake of pink and white was served to those present along with hamburgers and cokes. There were favors of balloons and bubble gum, and the honoree received a number of nice gifts.

Those present were: Phyllis Caldwell, Reni Jo Lane, Karen Rhymes, Barbara Davis, Tina Busbin and Esther Ruth Collier. All present reported a very enjoyable time, but an "unhappy awakening" for the honoree the next day she awoke with a mild case of the mumps.

## Anne Williams Birthday Honoree

"Dogpatch" was the unique theme of a birthday party, honoring Miss Anne Williams, daughter of Mr. and Mrs. Lloyd Williams, the occasion being her seventeenth birthday. The party was held at the Civic Center, Saturday night, August 15, from 8:00 o'clock until 12:00. Color decorations of Red, White and Blue were used throughout the center.

At the door to "greet" the guests, a replica of a farmer, made of cane and a broom, with a "tail" at his feet, which was very unique. Other decorations were of sugar cane and hay, with kerosene lanterns used for lighting.

Punch was served from a decorative bowl made from a watermelon, along with cake, nuts and mint. A large group attended the party, and the non-stop recording of the event was received from officials of the city of Greenville and said that 1500 keys to the city provided parking privileges were passed out to their members. There were 12 in all from the

Civilians heard Carl Bates of Palm Beach speak at Tuesday meeting. Pictured from left to right are: Larry Murray, Stan Strong, Carl Bates (standing) and Civitan President, Carl Waggoner.

## Carl Bates Speaks To Civitan Club

Mr. Carl Bates, of the Palm Beach County Tax Assessor's Office, was guest speaker at the Tuesday Meeting of the Belle Glade Civitan Club. He explained the fundamentals of the county tax system, and talked of the importance of obtaining information necessary in arriving at equitable assessments on real, personal and intangible property taxes.

A discussion period was held, permitting the civilians to ask questions, pertaining to specific tax problems.

Civitan Stan Strong, was program chairman for the meeting.

## HOLE-IN-ONE FOR GOLFERS HOPKINS

Saturday morning, at the Belle Glade Golf Course, in a foursome, with Bill McClatchey, Frank Rozelle and George Roy, on the 3rd hole, Gay Hopkins had a hole in one.

## Canadian Vacation

Mr. and Mrs. George Young, daughter Jane and son, Chappy are vacationing until September 1. Leaving last weekend, they travelled on a northerly course and Wednesday were between Lake Michigan and Lake Huron, planning to drive on that day into Canada.

## G. W. Hair Family Attend Assembly After Vacation In North Carolina

Mr. and Mrs. G. W. Hair, Jr., and family returned last week from a 3 weeks' vacation during which they traveled some 2500 miles. They visited their parents, Mr. and Mrs. G. W. Hair, Sr., in Okeechobee and her parents, Mr. and Mrs. Will Bryant in Pearson, Ga. They stayed nine days at Fontana Village in the Smoky Mountains where they had a cottage. There they enjoyed sightseeing in the area, and the children learned to square dance. The highest point in the area where they visited was 6000 feet, "quite a contrast with the flat land of Florida," Mrs. Hair said. She reported that about 70 percent of the vacationers in the area were from Florida.

Following their stay in the mountains, they spent 4 days at an Assembly of the Jehovah's Witnesses in Greenville, S. C. Mrs. Hair said that members from 20 states were at the Assembly and that ministers from many of the large churches in Greenville attended their meetings. She spoke highly of the courteous and friendly treatment received from officials of the city of Greenville and said that 1500 keys to the city provided parking privileges were passed out to their members. There were 12 in all from the

## O. E. S. Chapters Will Observe Founder's Birthday

The members of Belle Glade Chapter No. 197, O. E. S., will be guests of Pahokee Chapter No. 184 on Saturday, August 29 at a covered dish supper to be held at the Cnal Point Community Center. The occasion will observe the birthday of the founder of the Order, Dr. Robert Morris.

Dr. Morris was born near Boston, Massachusetts on August 31, 1818. He was well known as a lawyer, lecturer, educator and instructor and well-known in Masonic circles throughout the entire world. He wrote the Eastern Star ritual in 1849 and 1850 in his efforts to provide a fraternal order for female relatives of Masons. Changes were made during the next few years, and the first OES Grand Chapter was organized in Michigan in 1867 and the General Grand Chapter, under which the OES operates in most states, was formed in Indiana in 1876. His birthday is observed annually with a social gathering by most Eastern Star chapters.

Mrs. Ray Browne is chairman for this year's observation of the Belle Glade Chapter and Mrs. Annette McCurdy of Pahokee is chairman from that chapter.

The Wesleyan Service Guild met Tuesday night, August 18, in the parlor of the Community Methodist Church.

Mrs. A. L. Wallis, president, opened the meeting, with members repeating the third verse of the Guild Song, as their prayer. This song is set to the music of "Land of the Living." Mrs. Wallis quoted Mrs. Lyndon B. Johnson who said "that she was first impressed with this song after hearing a group of boys of the American Methodist Boys' Farm singing the third stanza as a prayer, while standing on a hillside in Greece."

Guid members are urged to remember (and date of importance) which are Fall, West, September 20th, to be held at the First Methodist Church in Pompano Beach, and Spirit and Life Retreat, November 7th, and 8th, to be held at the Holiday Inn, West Palm Beach.

The following slate of officers were presented by Mrs. H. W. Burdine, Secretary of Spiritual Life, Mrs. Mary Lou Whitley, Secretary of Christian Social Relations, Miss Sarah Creech, Supply Work, Mrs. John Hill, and Secretary of Program Material, Mrs. M. R. Bedsole. This slate was unanimously accepted by the Guild.

Devotionals were given by Mrs. Frank Morris. The program, "Our Emblem," was presented by Mrs. Fred White. The background of the emblem is formed by one of the oldest Christian Symbols — the triangle, which represented the angle, which represented the early church. The Holy Trinity — Father, Son and Holy Spirit. Superimposed on the points of the triangle are the letters, WSG — Wesleyan Service Guild. "Service" is the key word. You recall Jesus said, "I am among you as one who serves." The Circle is the age-old symbol for that which has no beginning and no end, uniting, enclosing us all.

The Lighted Torch is the symbol of life and light. "I caught the fire from those who went before. The bearers of the torch who could not see; The goal to which they strained, I caught their fire. And carried it, only a little way beyond; But there are those who wait for it, I know. Those who will carry it on to victory. I dare not fail them."

The Christian Flag — The international patriotism and world brotherhood is summed up in the words of the salute: "I pledge allegiance to the Christian flag, and to the Savior for whose Kingdom it stands — one brotherhood, uniting all mankind in service and love." The flag represents the qualities for which it stands. Central and upmost on the emblem is the Cross — down through all the years the cross has been to the Christian Church, a symbol of its faith — a vibrant, active faith.

The meeting was closed with members repeating the Lord's Supper. Following the meeting refreshments were served by Mrs. Mary Lou Whitley and Mrs. M. R. Bedsole to the following members: Mrs. A. L. Wallis, Mrs. Frank Morris, Mrs. Fred White, Mrs. Betty Harris, Mrs. H. W. Burdine, Mrs. Alyce Huebner and Miss Sarah Creech.

## U O F Reception Held For Students

The Western Palm Beach County Alumni Club of the University of Florida held a student reception at the Belle Glade Community Center on August 12th at 8:30 p. m.

The reception was held in connection with a state-wide television program "Miracle on the Thirtieth Street" narrated by Supreme Court Justice Stephens J. Connell. Marvin Smith was chairman of the reception.

Dr. William Childers of the University of Florida held a question and answer period for local University of Florida incoming and presently attending students.

The Bank of Belle Glade furnished the refreshments and White's T. V. furnished a television set for the occasion.

Milt McKay, President of the local alumni association welcomed the group and at the completion of the T. V. program, a panel discussion and question and answer period was held.

Mr. Pellon Morris was in attendance representing the local schools.

In 1950 the United States produced 2,100 recipients of doctorate degrees in engineering, mathematics and the physical sciences. By 1962 the number increased to 3,400.

## Belle Glade Kindergarten Opens At Methodist Church

The Belle Glade Kindergarten, under the able direction of Miss Myrtis Gilman and Miss Hagan Powell, will open August 31, in their "New Home" — The Community Methodist Church. This well established kindergarten is sponsored by the Belle Glade Woman's Club. Parents may well be assured of the best care for their children, as Miss Gilman and Mrs. Powell have a fifteen years of experience behind them.

Classes start August 31st, at 8:30 a. m., and parents, who have not previously registered their children, may do so at that time, a member of the woman's club stated.

The kindergarten is provided with an adequate building and playground, and the children will be served refreshments daily. Classes will be over each day at 12:00 a. m.

# We Didn't Appreciate The Water Until The City Well Went Dry

"Oh my goodness! I wonder how much I forgot to pay my water bill!"

That may have been the reaction in a lot of places last Thursday in Belle Glade when, without warning, the water stopped running in local residents' and business establishments.

However, a dragline boom had nicked the main water line, running from the water plant at 10th Street and Canal Street.

The break in the line occurred at the intersection of 8th and Canal Street about 10:00 A. M. A tooth of the dragline bucket struck the water main, and a geyser of water spouted into the air for more than 100 feet.

Only one section of town was affected.

**CHAMBER OF COMMERCE SAYS CLEAN UP BELLE GLADE**

Work was completed shortly after 2:00 P. M. and water service was restored on a temporary basis.

Permanent repairs were completed Thursday night.

Under plans and specifications for the City Improvement Program, such a break in service would affect only a small area, as cut-off valves are to be installed in order to better control and serve both the downtown and residential areas in case of emergency.

# White House Fine China Service Now On Display At Cox Jewelers

With news that the White House is so much in the public eye right now, it may be particularly timely to discuss the china which has been the official White House dinnerware since the regime of President Wilson.

The service now in use was designed for President Truman in 1952 and was, like the other two official White House services, created by Lenox.

In 1928 Congress passed a law stating that, whenever possible, American-made products should be used in the President's home. However, until the turn of the century "fine American china" was unheard of.

Palmer Scott Lenox, founder of Lenox China, changed all this.

... and Washington hostesses lifted their eyebrows in surprise when, in 1917 President Wilson ordered a 1700 piece set of Lenox for the White House.

His marked the first time that American china was ever used in the President's home. Wilson felt that the plates showed the President's seal, rather than the emblem of the United States. ... for after all, they were part of a personally chosen service.

The Wilson service was used continuously until 1952 at which time President Franklin D. Roosevelt commissioned Lenox to create an official service for his table. The pattern incorporated in its design the roses and plumes of the Roosevelt family crest of arms and is considerably less formal than President Wilson's. In a sense, these typify the different personalities of the two presidents.

This Roosevelt service, in continued use for 17 years, was replaced during the redecoration of the White House, completed in 1952. The Lenox pattern chosen by President Truman shows the Presidential seal in etched gold, with each piece featuring a border of teal green and etched gold and a gold rim.

It is proof of the remarkable durability of fine china that the first American-made service for the White House was used constantly at official functions for 18 years, the second for 17 years.

Replicas of these historical pieces of china are now on display at Charles Cox Jewelers in Belle Glade, and the public is invited to view these pieces of china, "designed for the Presidents."

# Trammell To Continue Law Enforcement Training

Tommy Trammell, 19, son of Mr. and Mrs. Edward Trammell, 332 N. W. Ave. O, Belle Glade has resumed his disputation at the Sheriff's office at the Glades substation to continue his training in law enforcement out of the state.

Tommy began his training under the Davenport Cooperative Training Program at Belle Glade High School under the able leadership of Mr. Wayne K. Fosterberry. At the time of his graduation in 1953 he received the award for "Most Outstanding DCT Student" and also the "Good Citizenship Award" presented each year by the Davenport Legion Post No. 20.

The Trammells, former residents of Blountsville, Alabama, moved to Belle Glade in January, 1952. Mr. Trammell is an employee with the City Water Department. An older son, Jerry, is a Sergeant with the Police Department of Belle Glade, and a younger son, Emmett, a 1954 high school graduate here, was the recipient of the Glades Co-op Scholarship, and the FFA Scholarship, and will attend Palm Beach Junior College. A daughter, Ella Ruth, will attend in Alabama.

From a host of friends best wishes go with Tommy, as one example of our outstanding young men.

**Three Glades Students Attend Fla. Atlantic**

Dean Paul J. Glynn is publishing a list of Junior College Students who have asked that their transcripts be forwarded to Atlantic Florida University at Boca Raton.

Anticipating the problem of transportation and the possibility of car pools, the Dean gives the list for the benefit of the students, and suggests the car pools.

Three from Belle Glade who are on the list are: Renay Conner, Linda Goforth Enos, and Mildred H. Williams.

Kent Price, Assistant County Agricultural Agent, has been elected to Phi Kappa Phi, national scholastic honorary fraternity. He received his Master of Agriculture degree this month from the University of Florida. To took his B. S. degree from Auburn University in 1950 with a major in both dairy and animal husbandry.

He has worked in Palm Beach County since 1955. Before, he was an assistant county agricultural agent in Dade County for three years. Before joining the Extension Service, Price was a dairy farm manager in Alabama.

He is a past president of the Florida Extension Workers' Association.

# The Emil Wolf Family Back Home After A Seven-Week Western Tour

Mr. and Mrs. Emil Wolf and family returned Sunday from a 7 weeks camping trip which took them to the Pacific Coast. Leaving here, they spent one night in New Orleans, then on to Texas where they had a brief visit with Dr. and Mrs. Walter Thames, former residents of Belle Glade who have made several visits. From there they went to Ft. Worth where they visited Mrs. Wolf's sister and family, Mr. and Mrs. Fred Williams.

... and California, they visited the Grand Canyon and Hoover Dam where the temperature that day was 100 degrees. In Arizona, they spent two nights at a Navajo Indian Reservation where they saw Indians living and took a trip to Canyon de Chelly National Monument where they saw cliff-dwelling ruins. Mrs. Wolf commented on how dry the air was in this part of the country, and how much of the western part of the country is dry, windy and hot.

Arriving in southern California, they visited in the Los Angeles area and went to Disneyland. They also visited Mrs. Wolf's aunt, Mrs. Earl Williams there. Then north to San Francisco where they took the cable cars and ate in Chinatown. The scenery of California was outstanding, and their report that almost everywhere, you can see mountains around you. The valleys are often very wide, and the climate from the mountain valley to the next is often quite different. San Francisco is subject to daily temperature changes when left the Wolfs changing clothes as often as three times a day to keep comfortable.

From there, they visited Crater Lake where they saw residential snow banks and had a chance to slide in the snow. Yellowstone National Park where they saw glaciers, falls, and hot springs and the Grand Tetons where there are so many people looking for camping spots that one must be on hand early in the morning to find one for that night. They spent one night in the over-flowing and next morning spent over an hour looking for a spot in the regular camping area to spend the next night.

They stopped at Colorado Springs at the base of Rocky Mountain National Park which has the highest peaks and the most mountain scenery of anywhere they went. There they had a short visit with Mrs. William McAdams, a friend of days when Mr. and Mrs. Wolf were students at Pacific University and the McAdams were advisors at the Wesley Foundation.

Mrs. Wolf said that their stay at Mr. Robinson was a "good way to end western sight-seeing. Next to the Lincoln Memorial in Washington, she said that the massive stone sculpture of the heads of Washington, Jefferson, Roosevelt and Lincoln are the quotes from Jefferson of their species engraved there gave them more of a feeling of how Americans than any other place they have visited.

From there they went on to Indiana where they visited both his mother and her parents before heading back to Florida. While on the trip, Mr. Wolf did some celery breeding work at Hollister, California and visited a corn seed company at Caldwell, Idaho.

We are proud to present **COMMAND PERFORMANCE** IN FINE CHINA

An exhibit of the world-famous Lenox China Services

For many years, presidents, kings, diplomats and other famous people throughout the world have commissioned Lenox to create their fine china services. # GLADES CHURCH NEWS.....

THE HERALD WELCOMES NEWS ITEMS FROM YOUR CHURCH EACH WEEK. CALL 996-2006 NOT LATER THAN TUESDAY NOON FOR PUBLICATION THURSDAY. NATHAN L. LAMONTAGN, Church Editor

Page 4 THE HERALD, Belle Glade, Florida AUG. 20, 1984

## First Baptist Bids Farewell To Exchange Pastor

Rev. and Mrs. Richard Millington, exchange pastor of the First Baptist Church of Belle Glade, pastor of the Cambridge Baptist Church of Cheltenham, Glens, England, will be honored at a reception in the Social Hall of the church Sunday evening following the regular worship services.

Rev. and Mrs. Millington will return to their native England on Tuesday of next week via Nassau and the Bahamas. They have endeavored themselves to the many people in Belle Glade and to the churches in which they visited. Mr. Millington has spoken in various parts of Florida during this month stay. Mrs. Millington, who is President Elect of the Bri-

tan Woman's Missionary Union, has spoken to several organizations and recently returned from Camp Ridgecrest in N. C. where she was a guest of Mrs. W. E. Schlechter, W. M. U. President of the Palm-Lake Association. Rev. and Mrs. Millington are in New Orleans this week visiting relatives and friends. He is also taking the opportunity to visit one of our Seminaries, the Southern Baptist Theological Seminary at New Orleans.

"We feel that Belle Glade has been greatly blessed by the presence of these two fine Christians," the church secretary said. The reception Sunday night is open to anyone desiring to attend.

## Closing Program Friday For Lutheran Bible School

The Vacation Bible School of St. Peter's Lutheran Church, Belle Glade, will come to a close with a special worship service, to be held on Friday, August 24, at 8:00 o'clock in the evening.

At this service, the congregation will be led in worship by the students of the Bible School. Each child of each department will participate in the service in presenting the VBS Theme — "God, My Country, and I." The purpose of the service is to give thanks and praise to God for the successful completion of Bible School, and for the children to teach their parents, friends, relatives, and neighbors, the necessity of good citizenship, both in our earthly nation and our heavenly kingdom. This will be done through song, Bible verses, prayer and a "Sermonette." Also, there will be on display in the church, art projects which the children have made in conjunction with Bible School.

Through their words, action, and songs, the congregation will see living proof of how the Holy Spirit has entered the hearts of the children; led them to repentance; brought them to faith

in Jesus Christ as their personal savior; and sanctified them with the gift of love. It is hoped that all will come to the service, as the children lead us to the throne of the only true God, Father, Son, and Holy Ghost.

At the close of the service, each child will be awarded a certificate of attendance. The following workers will be awarded certificates of appreciation: Mrs. Wayne Baughman, Mrs. Allen Brinkley, Mrs. Edward Duda, Mrs. Luther Duda, Mrs. Victor Green, Millie Kirchman, Mrs. Paul Kirchman, Mrs. Albert Kruse, Mrs. Richard Roseman, Mrs. S. J. Sorum, Mrs. Stanley Strong, and Susan Zamp.

The congregation of St. Peter's Lutheran Church would like to thank the Belle Glade Herald and Radio Station WSWN for the excellent publicity given to our Vacation Bible School.

Again we extend a sincere Christian invitation to the people of the Glades area, to join in prayer and worship with us for the VBS Closing service, Friday evening, at 8:00 o'clock.

Read Luke 8: 4-15

Neither is he that planteth any thing, neither he that watereth; but God that giveth the increase. (I Corinthians 3:7).

The wife of a young pastor sat at a conference, eager service but after a particularly strenuous year working with her husband, in the small city parish he served. She was discouraged and disillusioned; they worked so hard, it seemed, and accomplished so little.

Suddenly, the words of the speaker broke through her train of thought. "This parable of the sower is what I call 'The Paradox of the Disciple,'" he said. "It offers a word of encouragement for those who feel that what they are doing isn't achieving any results."

The speakers went on to say that ours should be the business of sowing — sowing everywhere. The results are not for us to worry about. Those who should leave to God. Ours is the job of sowing.

PRAYER: O God, keep me from becoming discouraged because I see no results. Keep me sowing, sowing and trusting. To be in the front lines of the harvest for Thy glory and for Jesus' sake. Amen.

THOUGHT FOR THE DAY

When we are diligent in sowing the seed, we can trust God to bring the harvest.

Florence H. Wayman, (Wisconsin)

How a high school athlete upon his deep Christian faith to defeat attempts of a gambling syndicate to "fix" football games in which he played is the central theme of an exciting new film to be shown Sunday night (Aug. 23) 7:30 at the Belle Glade Alliance Church.

The production, called GOAL TO GO, tells how the high school team's quarterback is approached by a fellow student to "sell out" to the gamblers and now, by activating his own Christian principles, he wins something more precious to his teammates than the games themselves.

The exciting film, in which many thrilling sequences of football contests are pictured, was made with Muskegon and Grand Haven, Michigan high school players as members of the cast.

Aug. 23 Sunday Is Title Feast Day For St. Philip's Parish

Sunday, August 23, is the title feast day of St. Philip Benizi, patron saint of the Catholic Parish in Belle Glade.

This young Florentine noble was born in 1233. He practiced medicine after receiving his doctor's degree in Padua, Italy. But discontent led him to pray to find his true vocation. He joined the Servites as a brother. After his profession he became gardener and hermit, using a cave for his cell. While at Siena one day, he entered into a discourse with two Franciscans who were amazed at his learning, and as a consequence Philip was asked by his super-

ior to receive Holy Orders. Soon after he was elected Superior General and ruled the order until his death in 1285. During his lifetime St. Philip distinguished himself converting sinners and reconciling enemies.

The name "St. Philip Benizi" for the Catholic in Belle Glade was selected by Mr. Philip Lewis who gave the initial donation for the construction of the church building.

A sermon on the life of St. Philip Benizi will be preached by the pastor of the parish on Sunday at the 10:00 A. M. Mass in Belle Glade.

Baptist Associational Meeting Held In Clewiston Tues. Evening

The Big Lake Baptist Association's monthly meeting was held at the First Baptist Church of Clewiston on Tuesday evening at 8:00 P. M. with a large group in attendance.

Rev. James R. Thompson, brought the inspirational message as he spoke upon the subject of "Soul-winning Through Missions and Music." Rev. Thompson has just recently been appointed to serve as District Missionary for the church in Big Lake, Brevard and Indian River Baptist Associations.

He served the First Baptist Church Auburndale as Pastor before taking over his present duties.

The associational music department was in charge of the

South Bay Baptists Working To Fill Varied church posts

The First Baptist Church of South Bay is now making plans for its coming church year which begins October 1st. The nominating committee has been meeting weekly trying to secure names and suggestions for the different church posts.

The Nominating Committee is composed of Mr. Thurman Minley, church pastor; Mrs. Fannie Brown and Mrs. James Martin.

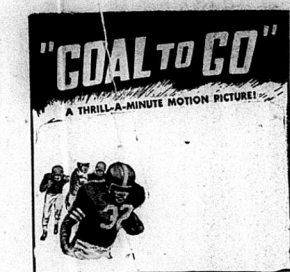

The committee faces the job of securing some 60 Sunday School workers; 15 Training Union Workers; 10 Music Ministry Workers; 15 General Church Officers and 23 committee members for the church committees.

The nominating committee has asked that all "questionnaires" which have been given out concerning jobs for the coming year be turned in immediately that the jobs might be all filled.

There are seeking two men to nominate for deacon.

Youth Week At Methodist Church

The Annual Methodist Youth Week will be held, beginning August 23rd and continuing through the 28th. Belle Glade Community Methodist Church.

The 800 milligram sodium-restricted diets published by the American Heart Association all include milk — skin for the 1200 calorie diet, regular for the 1800 calorie diet and the unrestricted calorie diet.

THE Water's fine

Last summer she screamed when we took her near the ocean. Now she loves to splash around under her parents' watchful eye. One day she'll be swimming out past the breakers and riding in on a wave.

How does one explain this emerging courage? It is a combination of growth, training and confidence. And no two alone are sufficient — it takes all three.

These three have also their spiritual counterparts. From the day religious education commences, a child begins to show evidence of spiritual growth. This is followed by an apti-spiritual learning the simple but profound truths of Christian belief and practice. Ultimately we see evidence of a deep and enduring confidence in God — the magnificent quality we call Faith. Then moral courage, true character, emerges in the lives of our sons and daughters.

A vast spiritual ocean touches every shore of life. And those who once venture into the surf are never again content just to loll on the beach.

## Cannibalism

"But if ye bite and devour one another, take heed that ye be not consumed of another." (Gal. 5:15).

Cannibals are known as killers and devouring one another. Many that don't lay claim to this evil practice are guilty, never-the-less, because of the way they use their tongue. It is entirely possible to kill and devour a man's influence and good name, by backbiting and evil speaking. Such an ugly spirit is but a remnant of the cannibal age.

Some people never seem to talk about anything except somebody else. Let us heed the warning of Jesus, "Every idle word that men shall speak, they shall give account of." (Matt. 12:36).

Looking for conviction before we call Faith. Then moral courage, true character, emerges in the lives of our sons and daughters.

A vast spiritual ocean touches every shore of life. And those who once venture into the surf are never again content just to loll on the beach.

## Vacationing Here And There

Mr. Charles Sanders will accompany her granddaughter, Patricia Spivey, and Johnny Carwell, to Athens, Georgia this week, where she will visit relatives. Miss Spivey and Mr. Carwell have been spending several days here, visiting Mrs. Sanders.

Rev. and Mrs. M. W. Siddle will return here this weekend, after attending an International Assembly of Church Denominations, in Dallas, Texas. While away, they also visited their two daughters, in Alabama and Tennessee.

Mr. and Mrs. E. A. Benz and family, of Green River, Wyoming, were weekend guests of Mr. and Mrs. H. V. Draa, and attending the wedding of their son Robert, to Cindy Ponder on Saturday. They toured Miami Monday, and returned Tuesday to their home in Wyoming.

Mr. and Mrs. Robert Moyer and son Bob, of Sanford, Florida, spent the weekend here and attended the Ponder-Benz wedding on Saturday. The former Ponder-Benz is a niece of the Moyer.

Mrs. Estelle Lang, of Sanford, Florida, is spending a week here as guest of the J. A. Ponder family. She attended the Ponder-Benz wedding on Saturday.

Miss Evelyn Harris and Jan Bottoms returned to their home here this week, after spending several weeks at Camp Crockett in Ridgecrest, North Carolina. Miss Harris was a "jet" for five weeks at Camp, which is assistant to Counselor. After two weeks home with her family, she will enter Carson-Newman College, in Jefferson City, Tennessee.

Mrs. L. B. Reynolds and three children, Carol, Diane and Richard, of Baton Rouge, Louisiana, have been spending a week here, visiting the Herman Close family.

Summer rains during the past week dampened spirits as well as camping for Mr. and Mrs. Perry Rignin and family, who were vacationing for a week in North Florida. They camped at Branch State Park, near Ocala, and returned home last Sunday.

Here for a two week visit was Mrs. Ross Winne her son, Captain Ross Winne Jr., his wife and two boys, Ross, Jr., and Clay, who left Sunday to return to Ft. Benning, Georgia. Captain Winne will be attending a special school in Fort Benning covering foreign area training.

Mrs. Jon B. Mann, of Auburn, Alabama, returned here on Monday. She will be teaching in the new Elementary School this fall. Mr. Mann, who is attending summer school, in Auburn, will return here next week, following final exams at College.

Tommy Close, son of Mr. and Mrs. Herman Close, left Tuesday for Miami, Oklahoma, where he will be a sophomore at Northwestern Oklahoma Junior College.

The Lee Berryhill family have returned to their home here after several days vacationing at Palm Beach, staying at Holiday Inn, while away.

Mr. and Mrs. Roy Litchfield returned Sunday, from an extended vacation in Virginia. They visited Mrs. Litchfield's brother, H. A. Litchfield, and his sister, Mrs. W. C. Reed, in Hertford, North Carolina; also visiting a sister of Mr. Litchfield, Mrs. Marvin L. Dukes.

hometown news!

Kinston, North Carolina. The remainder of their vacation was spent at their summer home on Adams Creek, Havelock, N. Carolina, where they were joined by their daughter, Mrs. R. Redmon Chitty and family, of Wakefield, Massachusetts. They visited Mrs. Sally Hollingsworth Myers, of Whiteville, North Carolina, and during their stay at Havelock, Mr. Litchfield taught a Sunday School Class at Oak Grove Church, Havelock.

Miss Vicki Hollingsworth, student at University of Palm Beach, spent the weekend here with her parents, Mr. and Mrs. Jack Hollingsworth, and also visited her grandparents, Mr. and Mrs. F. E. Hollingsworth.

Mr. and Mrs. Lee W. Wooten who are vacationing this week in North Carolina, are expected home this weekend. They along with two of their children drove up last Saturday to pick up their son Allen who has spent five weeks at Camp Ridgecrest.

The Wootens live in Pabkett, and the father is employed at Atlas Chemical Company, Belle Glade.

Miss Cynthia and Gill Congleton, of Winter Park, Florida, have returned to their home, after spending a week, visiting the aunt Mrs. Irene Conley.

Mr. and Mrs. Walter Ashley, Juanita Croft, and Mrs. Lola Douglas, were called to Brandon, Florida, to the home of a relative. Before returning here, they will visit in Winter Park, and will visit Mrs. Ashley, in St. Cloud, Florida.

Mr. and Mrs. G. M. Crews have returned here after spending a few days in Montego Bay, Jamaica. They report a wonderful, and enlightening time, but due to heavy air, they feel lucky to have been able to obtain early flight back.

Mr. and Mrs. F. C. Dooley, and daughter, Patsy, 613 S. E. 1st Street, have returned to their home, from a vacation at the New York World's Fair, and other scenic spots of New York.

On the return trip, they toured through Pennsylvania, Virginia and the Blue Ridge Parkway, coming by way of Sylva, North Carolina, where Mr. Dooley's mother, Mrs. Nell Scullen has a home.

Mr. and Mrs. J. L. Burns, of Sydney, Australia, who have been visiting her parents, Mr. and Mrs. Joe Friedheim, left this week, on a return trip to Australia. They plan to visit Houston, Texas with Mrs. Helen DeBure, and also a week with a brother in Tucson, Arizona, J. M. Friedheim, and family.

Mr. and Mrs. Louis Friedheim, of Gainesville, Florida, have returned here after a week's visit with his parents, Mr. and Mrs. Joe Friedheim.

Mrs. Sera Shera Smith was back home Monday after enjoying a trip to Preoport aboard the Calypso Liner and a week end stay aboard the Imperial Bama, formerly the luxurious steamship Italia.

Mr. and Mrs. W. C. Gamble leave August 20, for Ohio to spend a week with his mother, Mrs. Lottie Wilcoxen in Racine, Wis. They will make a fall and winter trip to get everything in order for the 88-year-old mother, who still lives by herself.

Arriving on Monday from Pawlusk, Oklahoma were Edwin Vulgarone and his sister, Miss Phyllis Vulgarone who are here to spend two or three weeks with the Philip Vulgarone family in Park Eloise.

Mr. and Mrs. E. J. Cross will leave this Saturday on vacation, with plans to spend a week in North Florida. They will then go on to North Carolina to join Mr. and Mrs. Wes Jones who are leaving September 1, for a mountain vacation.

Mrs. Thomas Mann and son, Kenneth and Mrs. Betty Cheek and her daughter Angie enjoyed a week's tour of Florida, visiting in Sarasota, Winter Haven, and taking in the sights at Cypress Gardens and Silver Springs. They returned to their home for a visit with Mrs. Mann's uncle in Daytona Beach.

Richard Barrett left Sunday by plane to spend a week visiting relatives in the Nashville, Tennessee area.

Getting away from their confining duties at the Dixiana, Mr. and Mrs. Joel Bass enjoyed a week with their children Stanley and Joel Wallace at the beach in Riviera, returning home last Sunday.

Here for a visit with her mother is Miss Margaret Irvin, daughter of Mrs. Ruth Irvin who is principal of Ocala School. Miss Irvin has been attending Duquesne University in Pennsylvania for the past three years and will return there in early September. She is majoring in English and will graduate next spring.

Mrs. W. L. Hollinger drove down from Ft. Meade, Florida last Sunday morning to spend the weekend with her husband who recently joined the Belle Glade Herald staff and is ten miles east staying at Northmoor Courts.

Mr. and Mrs. Jimmy Williams, and son Jerry, spent the week end in Ocala, visiting Mrs. Williams' mother and other relatives.

## Engagement Told

Mr. and Mrs. Hayes C. Luce at Lake Alfred.

Mr. and Mrs. Elgie Johnson spent the weekend on the west coast. They visited her mother near Sarasota and did some fishing Sunday, visiting the Masonic Home at St. Petersburg.

Mr. and Mrs. C. W. McDonald visited Sunday in Ft. Lauderdale with Mr. and Mrs. Carol McDonald and son Tommy.

Mr. and Mrs. Reginald H. Lewis, Debbi and Tony, returned this weekend from their vacation spent in several places in Florida. They visited the J. D. Wells family in Dunedin.

Mrs. Wells and Mrs. Lewis were friends from days in college. Dalton Harrison and family, who turned to Lake Saint Fe near Keystone Heights where they were guests of his uncle and aunt, Mr. and Mrs. E. H. Lewis. While there, they were visited one even with Mr. and Mrs. Harrison and family of Gainesville, former Belle Glade residents.

Last week they spent visiting the David Fishers at Daytona Beach. They enjoyed the board walk and the beach, and Chip and Debbie learned to water ski.

Terrell Williams, son of Mr. and Mrs. Lloyd Williams, is spending two weeks at Ft. Jack, Tuesday, to spend in training.

Miss Anne Williams, and Johnny Williams, have returned to their home here, after spending a week with their parents, Mr. and Mrs. H. J. Williams, in Day, Florida.

Miss Sandra Rhymes has returned from a vacation in the mountains. She traveled with Mr. and Mrs. James Wiergen, and they were away for two weeks.

Miss Patricia Hodges, daughter of Mr. and Mrs. R. E. Hodges, is visiting an aunt, in Jacksonville.

Dr. and Mrs. Fred Ellsworth, of Wayne, Pennsylvania, and children, Fred Jr., Paula Jean and Frank, arrived here Tuesday, to spend a week, visiting her parents, Mr. and Mrs. F. E. Hollingsworth and other relatives.

Mrs. J. G. Hopkins returned home Sunday from a month's visit with relatives and friends, in Pittsburgh, Pennsylvania. She made the return trip via jet and reported traveling time of two hours from Pittsburgh to West Palm Beach.

Miss Jeannette Riedel, daughter of Mr. and Mrs. Victor Riedel, left August 12th, via jet for California, where she will spend two weeks visiting Mrs. T. C. Moore, Mrs. Moore (Jeanne Crews), a former resident of Belle Glade, is a niece of Mrs. Riedel. She and small daughter will return with Jeannette, and will visit her parents, Mr. and G. W. Crews. They will return via jet, August 28th, to West Palm Beach Airport.

Dr. F. F. Saunders, administrator of the Belle Glade Memorial Hospital and Dr. Ed Livon, secretary-treasurer of the Hospital Board, made a trip last week to the Surplus Properties Center near Starke on hospital business.

Miss Bonnie Johnson of Ft. Myers is visiting her niece, Mrs. E. F. Saunders and Mr. Saunders. She returned with them last week after they had spent a weekend at their cottage at Warm Mineral Springs.

Mr. and Mrs. Charles McWhorter and family spent a few days last week visiting her mother, Mrs. R. L. Perry of Lake City. Mrs. Perry suffered a slight heart attack, but Mrs. McWhorter reports that she is progressing satisfactorily.

Mr. and Mrs. Lee Berryhill, Lee Anne, Steve and Scotty, and Miss Terry McWhorter are spending two weeks at the Holiday Inn, Lake Worth.

Dr. and Mrs. Howard Hill, Beverly and Patty spent a few days this week at the Golden Falcon in Pompano Beach.

Mrs. J. L. Kenyon, who is staying with her parents, Mr. and Mrs. R. J. Allen, Jr., while awaiting orders to join her husband in Germany, spent the weekend with her parents, Mr. and Mrs. R. Kenyon in Winter Haven.

Mr. and Mrs. Donald Asprey spent the weekend with his cousins, Mr. and Mrs. Howard Meach in Bradenton, and also went to St. Petersburg to visit the Masonic Home. This was

## Lucinda Ponder-Robert Benz Married Last Saturday

In a ceremony marked with simple beauty, Miss Lucinda Ponder became the bride of Robert Eugene Benz, Saturday, August 14, at 4:30 o'clock in the afternoon at the Community Methodist Church, Belle Glade.

The bride is the daughter of Mr. and Mrs. J. A. Ponder, Belle Glade. The groom's parents are Mr. and Mrs. Eugene Benz, Green River, Wyoming.

Rev. Lee D. Rustin performed the ceremony before an altar, decked with palms, candelabra, and baskets of white gladioli, mums and chrysanthemums.

The bride, given in marriage by her father, wore a floor length gown of white satin, straight skirt, with detachable chapel length train. The gown, designed and made by the bride's mother, was trimmed with alencon lace, with the sleeves ending in a point. The train was also trimmed with alencon lace and the bride carried a bouquet of yellow sweet heart roses and white roses.

Mrs. Sandra Dunaway was matron of honor. She wore a floor length gown of royal blue taffeta, straight skirt, with flowing panel back, matching shoes, and long white gloves. She carried one long stemmed yellow rose.

Maid of honor, Mary Kate Ponder, sister of the bride, wore a gown, identical to that of the matron of honor. Her only flower was one yellow rose.

Bridesmaids were: Kay Gilbert, Belle Glade; Deanna Nichols, Sanford, Florida; Carolyn Messing, Demopolis, Alabama; Elaine Vaughn, Florida; Linda Stanley, Florida; and Mrs. Esther Lanning, Sanford, Florida.

Flower girl, Mary Nell Marquess, wore a street length dress of royal blue taffeta, with sash and panels in back.

Darrell Benz, Green River, Wyoming, was his brother's best man.

Ushers were: Kerry Benz, brother of the groom, of Green River, Wyoming; Alan Ponder, brother of the bride; Paul Dulany, Belle Glade; Dewitt Harris, Winter Garden, Florida, and Bill Burr, Belle Glade.

Immediately following the ceremony, a reception was held in the parlor of the Methodist Church. The bride's table, covered with a floor length cloth of white net, was centered with

West, with a stop-off at Danis Indian Reservation, where they had a guided tour. They left Tuesday on a return trip home, via Daytona Beach, and Gainesville, Monday, traveling to Keyville, to visit relatives.

A four-tiered wedding cake, topped with a miniature bride and groom. The cake was encircled with single silver candelabra and crystal dish, holding a yellow sweet heart rosebud. A punch bowl was at one end of the table, with a silver coffee service at the other, and also nuts and mints. Those assisting in serving were: Cathie White, Eileen Lindrose, Margie Averill, Mrs. Linda Stanley, Mrs. R. P. Mackey, Mrs. Fred White, and Mrs. M. L. Nichols, Sanford, Florida.

After a wedding trip to the East Coast of Florida, the couple will reside at 1041 Lawyers Lane, Columbus, Georgia. The groom is in military service, and is stationed in Georgia.

Out of town guests here for the wedding were: Mr. and Mrs. J. M. Moyer, aunt and uncle of the bride, Sanford, Florida; Mr. Robert Moyer, cousin of the bride, Sanford, Florida; Mr. and Mrs. Everett Benz, Darrell and Kerry Benz, family of the groom, of Green River, Wyoming; Mrs. Lee D. Rustin, Lake Park, Florida; Mrs. Esther Lanning, Sanford, Florida; and Mrs. M. L. Nichols, Sanford, Florida.

Fiscal Agents

The City is pledging the net revenues of its water and sewer system, subject to outstanding bonds, and up to \$50,000 annually of its utilities service taxes.

It is anticipated that the City will create a special fund from surplus water revenues to accelerate the retirement of existing bonds which mature from '65 thru '87, in the principal amount of \$512,000; the retirement in full is expected to be made by '73.

The water and sewer systems will be combined into a single utility for more efficient operation and simplifying the financial structure.

All bonds maturing in the years '75 to '84, inclusive, and in '86 in inverse order of maturity, after '70, with specified premiums.

Projections, based on experience in Belle Glade, indicate that revenues will provide a 1.32 to 2.01 times coverage for annual debt service.

Belle Glade's water department shows a net profit of \$129,788, while the sewer's financial statement shows a net of \$43,232.

The water rate begins at \$2.00 minimum of 2,500 gallons and reduces to 30c for all over 25,000 gallons.

The sewer rate is \$3.50 per single family dwelling unit.

Belle Glade's utilities services tax comes from a 10 percent of the monthly bill, collected by the sellers of service and remitted to the City. This tax brought in \$78,449 for the year '63-64.

### A Report From The Engineers

According to Mr. Walter Haysity — south of Avenue E following this. Many of details have not been worked out at this time but during a pre-construction conference between the city commission and the contractor additional details will be worked out. A tentative award of contracts is expected to be made within the week; final construction contracts cannot be signed until after the U. S. Government Public Health Service approves the tentative award, since an application has been made for a Federal grant for a portion of this public works.

A letter dated August 13, from the Florida State Board of Health to the U. S. Public Health Service requested consideration of this project for a Federal grant. This is considered an important step toward Federal grant. "This is considered an important step toward Federal grant. This is considered an important step toward Federal grant. This is considered an important step toward Federal grant."

Necessarily an interceptor — or main sewer, which is included in section one, will have to be given top priority because it forms an outlet for the others.

Following that a number of sewers, generally in section two, will probably be the next priority.

## Seminole American And Coastal States Ins. To Merge

Directors of Seminole American Life Insurance Company of West Palm Beach, Florida, have voted to merge with Coastal States Life Insurance Company of Atlanta, Georgia. Joe T. Boynton, President of Seminole American, said the merger is subject to the final approval of each company's stockholders and must also be approved by the Insurance Commissioners of Florida and Georgia.

As of December 31, 1963, Seminole American had assets of \$812,465 and life insurance in force totaling \$11,651,000. Coastal States Life's assets at that time at \$47,537,808 and the company's insurance in force now stands at \$450,314,528.

Mr. Boynton said details of the merger agreement will be announced when the proposal is presented to each company's stockholders.

Seminole American Life began operations in 1954 and has grown steadily since then, concentrating its sales efforts primarily in the writing of Weekly Premium Insurance. Coastal States Life started as a burial society in the 1890's; became a stock life insurance company in 1947; and since then has grown to be ranked among the top ten percent of all the life insurance companies of America.

Mr. Boynton said the merger is expected to bring about operating economies that will be in the best interest of stockholders and policyowners of both companies.

## Paint Mfg. Plant In Operation Here

### The Ron Marlowes Go To New York

Mr. and Mrs. R. E. Marlowe will represent Ron Marlowe Ford, Inc., in New York City August 21-23 at meetings with executives of Ford Motor Company and a preview of the entire line of 1965 Ford Division products.

S. John Obringer, Ford Division Jacksonville district sales manager and coordinator for the trip, noted that more than 200 Ford dealers and wives will attend the three-day New York meeting in preparation for the public introduction of the new Ford products.

"In recent years, Ford has led the industry in developing new products that are designed to meet the demands of a sophisticated, changing market," Mr. Obringer said. "Along with these new products typified by the Mustang — it has provided its dealers with complete and comprehensive marketing programs. This New York meeting has been planned to provide our dealers with future marketing plans sufficiently far in advance so they may prepare for public introduction of our 1965 line," he noted.

In addition to previewing the vehicles at the New York Coliseum and Learning Ford Division's 1965 marketing plans, the dealers and their wives will be given a special tour of Ford's World's Fair Pavilion.

The Belle Glade area has another new manufacturing plant in operation this past week. It is another step forward in the expansion of the Sugarland Chemical Company.

The Southeast Plant, a division of Sugarland Chemical Company, at 900 NW 12th Street in Belle Glade, has already gone into production of a complete line of paints and enamels.

Game Commission Meeting Aug. 21

In Ft. Lauderdale

A regular business meeting of the Game and Fresh Water Fish Commission will be held at Fort Lauderdale, beginning at 9:00 A. M. Friday, August 21, according to A. D. Aldrich, director.

The meeting site will be at the Jolly Roger Motel, located on North Atlantic Boulevard.

Following the business meeting, the newly constructed Game and Fresh Water Fish Commission building will be dedicated at 2:00 P. M. This building is located at the Fort Lauderdale-Hollywood International Airport.

Interested sportsmen and general public are invited to attend the meeting and the dedication.

Under the direction of George M. Bustamante, now of Belle Glade, the new plant has installed the finest of paint weighing, testing and mixing equipment.

Four highly trained personnel, experienced in paint and enamel production weigh out the ingredients to the finest of weights, add just the right color pigments, also weighed out to the last gram, and mix with all the care and skill of a master at his trade.

Each patch of paint or enamel is tested before it is put into cans or pails for delivery. If it does not come up to the high standard set by Bustamante, it is thrown out and a new batch made. "Our customers must and will receive the highest quality paints and enamels on the market."

George M. Bustamante is from Havana, Cuba, where he was in the paint and enamel manufacturing business for over 24 years before Castro took over. He has specialized in paints and enamels best suited for use in hot-humid climate of the South. The John Deere dealer, Everglades Farm Equipment Company, managed by John Williams, will handle the distribution of enamels used on farm machinery.

### TALLAHASSEE, FLORIDA

TRUSTEES OF THE INTERNAL IMPROVEMENT FUND OF THE STATE OF FLORIDA

The Trustees of the Internal Improvement Fund of the State of Florida will receive competitive bids at 10:00 A. M. (EST) August 25, 1964, in the House of Representatives, Tallahassee, Florida, for a ten (10) year agricultural lease with two five-year renewal options covering the following described land in Palm Beach County, Florida, to-wit:

Part of Section 24 and 25, Township 16 South, Range 22 East, containing 128.00 acres, more or less.

Bids will be offered of annual rental per acre for the first 10-year period, and the annual rental for the second 5-year period. If a uniform annual rental for the period is not offered, the annual rates must be defined. Starting bid must not be less than the following:

1st and 2nd years — \$2.50 per acre, per year.

3rd and 4th years — \$2.50 per acre, per year.

5th and 6th years — \$10.00 per acre, per year.

7th and 8th years — \$25.00 per acre, per year.

9th and 10th years — \$25.75 per acre, per year.

The average of not less than annual rental of \$12.65 per acre during the ten (10) year period, plus year option periods will be based on the escalation of the bid during the tenth and fifteenth years of the lease.

Leases will require payment of a cash payment, guaranteed by personal or corporate bond, in the amount of \$10,000.00, by the end of the first two years of the lease. Within 30 days following award of lease and state land office certified or cashed check in the amount of first two years rental. Successful bidder may elect to remit additional rental annually or semi-annually in advance.

Written sealed bids may be submitted in advance of sale date to the State Land Office, 5000 Building, Tallahassee, Florida, which will be opened at 10:00 A. M. (EST) August 25, 1964, final bids.

The right to reject any and all bids is reserved. Successful bidder is required to pay for all taxes and necessary documentary tax stamps for publication of this notice of the Internal Improvement Fund of the State of Florida, July 23, 1964.

### The Luther Jones Story

By W. L. Hullinger

It was over 15 years ago that we first heard "The Luther Jones Story."

We were attending a Florida Press Convention in Central Florida, and during a pause between speeches and committee meetings, a few of us were gathered around a table. The publisher of the Belle Glade Herald, Luther Jones, was telling about his town and his area.

It was quite a story. A vast area that had the richest soil on earth, that some day would be developed to such an extent that it could "feed a nation."

We all listened and nodded our heads in polite agreement — most of us had heard other publishers boasting about their town and their area. As far as we were concerned, it was "Just another Chapter of Commerce Story."

We met the publisher of the Belle Glade Herald on several occasions, and he always managed to corner a few of us and tell-gain of the wonders of the Glades area. His continuous efforts to convince us that this was no "Never-never" land, led us to label his remarks as "The Luther Jones Story."

Time passed, and a year ago, we came through Belle Glade, and stopped to visit a few minutes with our fellow publisher and friend. Sure enough, in a few minutes, Jones started the conversation around to the Glades area. As always, he told quite a story. This time, he pulled out proof from various county files and desk drawers; County, State and Federal Documents and reports — County Agents — Experimental Station records, and many others to back up his statements.

However, it just didn't hit home 'til he happened to remark that the cash income from Agriculture alone was over \$100,000,000 a year and still growing.

Brother that woke up to \$100,000,000 growing out of this black soil, and to think it happens year after year.

We began to dream — it has to go somewhere — why not?

We finally excused ourselves by saying we had to get back home. However, Jones never knew we spent the rest of the day, checking on his story and figures.

We found that the banks in the area were more than "solid," they were indeed "well heeled," growing year after year. The First Federal Savings and Loan reports showed an almost unbelievable growth record; proof that new homes were being built in the area.

The Post Office receipts showed an increase through the years, and still climbing.

We found that development in the area, while extensive, was but in its infancy. We found that more and more people were "finding" the Glades area and staying to call it "home." More homes, more businesses, more and more of everything was "keeping" in to add to the continuous growth.

It was proof to us that the "Luther Jones Story," was no fable — but cold hard facts.

We subscribed to the Belle Glade Herald, and for the last year, we have read every page — studied the display ads — the classified page — the news stories of the people and the stories about the town and the area.

We were committed, by contract, on another newspaper, but a few weeks ago, we were free to come again to Belle Glade. Luther Jones was recuperating in North Carolina, but we invited Mr. Matthews, Associate Publisher of the Herald, to have coffee. We have also known Mrs. Matheson for some time. We gave her a sales pitch — the likes of which she has never heard before — on why we wanted to work in this area.

Why? Well, the way we look at it, The Belle Glade Herald is the "apron string" of the greatest area on earth — in the very center of "Black Gold," and no matter how you look at it, there is only one way it can go, and that is "up."

Then too — we would like to help Luther Jones tell his story — because you see, every word of it is true.

### Greater Than The Atom

A short time ago nerves from the leg of a donor were transplanted to the hand of a Los Angeles man who had been injured in an accident. His sense of touch was thus restored. And this, it is said, marks a major breakthrough in surgical techniques.

The Portland, Oregon, Journal adds an interesting and novel footnote. This achievement, it observes, "... also points up a fact that has been noted by science writers but seems to have been largely overlooked by the general public. This is that the greatest scientific advances of the past few years have been not in the development of space travel and exploration, nor in the new knowledge and understanding of the structure of the atom, and not in the area of electronics. Rather, they have been in the field of medicine, and in knowledge and understanding of the human body and its functioning.

"This is to say, effect, that the discovery of penicillin and other antibiotics outranks television, that the virtual elimination of a source such as polio is a greater feat than the orbiting of a satellite and that the successful repair of a broken-down human heart is more of an accomplishment than the explosion of an atomic bomb."

Comparisons in the fields of scientific and technological achievement tend to be invidious. But it is certainly true that the almost incredible progress made in medicine, in drugs, and in all the related arts has brought infinitely more benefits to innumerable more people than have the other breakthroughs and efforts important as they are. And these benefits will be passed on in ever-expanding scope to the generation yet to come.

## Science And Our Future

By: Donald H. Andrews.

Distinguished Professor of Chemistry  
Florida Atlantic University

All of us here on earth today belong to a unique generation of mankind. Among all men and women who have ever lived, we for the first time hold in our hands the key to the basic power of the universe, the power of the atom. Science has brought the fire of the stars down to earth. And this new fire, if wisely used, gives us at last the possibility of achieving the good life for everyone everywhere. Yet in this great event there is a note of Promethean tragedy, because this same new fire if uncontrolled can leave us a world completely reduced to atomic dust and ashes. So it is imperative for us today to try to understand clearly the relationship between science and our future.

In order to view this relationship in a proper perspective we must first examine in some detail the magnitude of the energy of the atom. For example, consider the power that comes from splitting the atom. You could hold right in your hand the small chunk of uranium metal that was the heart of the bomb that dropped on Hiroshima. It was only about the size of a soft-ball, yet packed in that little sphere there was the explosive force of 20,000 tons of TNT. That is enough TNT to fill the Empire State Building. When you stop to think that a piece of TNT about the size of a loaf of bread is far more than enough to completely wreck an ordinary house, then you realize the destructive power latent in a skyscraper full of this explosive.

The very first atomic explosion at Alamogordo in 1945 made it clear that here was a new weapon that completely revolutionized warfare. Of course, it would have been possible to control the use of these uranium bombs by controlling the sources of uranium because this metal is found in only a few places in the world.

However, we had hardly begun to think through this problem when we were faced with the news of the hydrogen bomb. Moreover, hydrogen is just as plentiful as uranium is scarce. There is hydrogen in wood, and hydrogen in water. The formula for water is H<sub>2</sub>O and the H, of course, stands for hydrogen. There is hydrogen in our bodies, in the carbohydrates, the tissues and the blood. If you could snap your finger and in one instant release the power of all the hydrogen in your body, you would explode with the force of about a hundred of the bombs that fell on Hiroshima. We certainly hope that the day will never come when there is such an easy method of bringing about the nuclear fusion of hydrogen.

If a mad scientist could go down to the beach and with an atomic match detonate the ocean, our earth would be turned into a star, announcing to the universe by its light the death of mankind.

Even thirty years ago when the first intimations of these possibilities were perceived, many thoughtful men concluded that science was progressing at a dangerously rapid rate. In 1933, at a meeting of the British Association for the Advancement of Science, the Bishop of Ripon proposed that there should be a moratorium on scientific research. He argued that the laboratories should be closed until our understanding of ourselves was more nearly comparable with our understanding of the world. While the Bishop's proposal was not adopted, it has been followed. But there is, of course, a positive as well as a negative side to the atomic picture. To appreciate this, we need to look at a few examples of what atomic energy can do if applied constructively.

If instead of releasing the power of the hydrogen in your body in one instant, you could let it flow out as electricity into a wire. You might rent yourself out to the electric light company and with just the energy present in your body you could light all the lights and operate all the factories in the entire United States for about a week. It is easy to see that a comparatively few people pooling their anatomical energy would make quite a good public utilities company. There are today research projects in many laboratories aimed at developing a process by which electrical power can be obtained from nuclear fusion.

After regarding the date when this may be achieved, there is no argument about the fact that this great reservoir of power lies all around us and even within us. Taking into account the rapid rate at which research can be carried out in our modern laboratories, there is considerable reason to believe that the utilization of this power will be a practical reality within two or three decades. When this day comes, when we can "burn" water like gasoline there will be many almost unbelievable miracles taking place all around us. For example, a gallon of water used as fuel in the proper nuclear motor could run an automobile for about a million miles. According to the predictions of experts on our world's fuel sources, we may exhaust all our coal and oil reserves within less than a century. It is estimated that even the uranium deposits on our planet used as atomic fuel would see us through only about one century more. But if we can generate power by hydrogen fusion, then we have a reservoir of power that should last us for at least a million years.

### A Small Town?

"A small town is one where you stop and let a dog cross the street because he's a friend of yours."

I heard this on the radio as we were driving along in our car a few days ago, a HERALD reader reported. It reminded me of Belle Glade... and I knew that in many ways Belle Glade is still a "small town" and I sincerely hope it stays that way... despite all progress.

We liked the thought too and believe many of our readers will.

### No. Free Gate

There is no free gate to anything worth while... Not to skill nor health nor to success nor friendship, nor even to the lasting love and respect of those who are nearest and dearest to us... These are the items that make up the best income that any human being can have, and the sum of that income will be measured by the sum of what we are willing to pay to get it.

-Selection-

SCIENCE AND OUR FUTURE — as outlined by Donald H. Andrews, distinguished professor of Chemistry, held the rapt attention of a group of south Florida editors and publishers at their district meeting last month in Boca Raton. We felt our readers too, might enjoy this stirring message, which begins this week in THE HERALD. Dr. Andrews (white jacket) is pictured chatting with host publisher Jim Jesse, Boca Raton (left) Richard Campbell, Jensen Beach, and Ed McCarthy, FPA president from Orlando.

### Does History Repeat Itself ?

1. Both of the Presidents, Lincoln and Kennedy, were concerned with the cause of civil rights.
2. Lincoln was elected in 1860 and Kennedy was elected in 1960.
3. Both were slain on Friday and in the presence of their wives.
4. Both successors, named Johnson, were Southerners, Democrats, and had previously served in the United States Senate.
5. Andrew Johnson was born in 1808 and L. B. Johnson was born in 1892.
6. John Wilkes Booth was born in 1839 and Lee Harvey Oswald was born in 1939.
7. Both Booth and Oswald were murdered before their trial could take place.
8. Both Booth and Oswald were Southerners favoring unpopular ideas.
9. Both Presidents' wives lost children through death while in the White House.
10. Lincoln's Secretary, whose name was Kennedy, advised him not to go to theatre.
11. Kennedy's Secretary, whose name was Lincoln, advised him not to go to Dallas, Texas.
12. Lincoln died in 1865, and that is the year in which Kennedy's grandmother, Mrs. Rose Fitzgerald was born.
13. Andrew Johnson, was not re-elected, but will L. B. Johnson be?

### Operation Dare

"No state in the nation has greater opportunities for further agricultural development than Florida," Dr. T. E. York, Jr., University of Florida Provost for Agriculture has emphasized. "We are challenged to develop as effectively as possible Florida's agricultural resources. This is the basic goal of DARE." Plotting the Course of Progress

Florida is growing at a pace unequalled in the rest of the nation. Our population which was 49 million in 1960 is expected to exceed 8 million by 1975. Total personal income is expected to increase 150 percent in this period. More people and higher income levels mean greater demand and greater expenditures for agricultural products.

At the same time a rapidly growing population provides agriculture with increasing competition for land, water, and other resources. Consequently this type of growth presents both problems and opportunities to Florida's agriculture and its related business and industries.

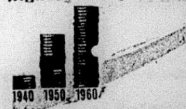

Although the rest of the country is not growing as rapidly as Florida, the demand for agricultural products nationally continues to expand in response to a steadily growing population and rising economy. This demand will be met somewhere.

The future economic development of Florida will be influenced greatly by the extent to which Florida's agriculture can participate in this growth. Our ability to do this will be dependent in a large measure upon our effectiveness in competing with other regions of the country in the production and marketing of agricultural commodities.

All of this emphasizes the need for all groups concerned with the future of Florida's economic development to appraise carefully the agricultural industry's problems, its opportunities for further growth, and then to join together in a concerted effort aimed at achieving realistic development possibilities.

With the help of agricultural and business leaders throughout the state, the University of Florida through its agricultural research, extension, and teaching programs has initiated a comprehensive analysis of Florida's agriculture, its problems and its potentials for further growth. This analysis serves as a basis for formulating a program, aimed at realizing as completely as possible, Florida's potential for agricultural development. This effort has been labeled

DARE  
the road to  
higher farm income

## In the Mailbag

Belle Glade Herald  
Belle Glade, Florida  
Attention of the Editor  
Gentlemen:

The seventeenth annual Palm Beach County Summer Educational Enrichment Program has come to a close, and again the personnel of that program stand indebted to your newspaper for its fine coverage and publicity of our efforts. In the six weeks just past over 22,000 children registered at 72 program sites which were spread throughout the county, and some 252 Palm Beach County teachers were employed to work directly with these children and offer to them the seventeen different educational opportunities which comprised the summer program.

During the thirty days of the enrichment program, school and park playgrounds, gymnasiums, and city pools were staffed or existing staffs were complemented by summer program personnel. School science laboratories, typing and projection rooms, art rooms, libraries, shops, band rooms, classrooms, and driver education cars were utilized, and field trips to other points with educational and/or recreational value were undertaken.

Physical fitness was stressed, swimming and track meets were held, and for many children perhaps the question of, "What can I do?" was changed to, "Which should I do?" Again, thank you for the very important part your fine paper played in enriching the vacation hours of many of the youth of Palm Beach County.

Sincerely yours,  
Summer Program  
Coordinators  
Edward O. Goode  
Lee Roy Lively  
Hector Ouellette  
Charles D. Owen  
Charles B. Perry  
Mrs. Joyce Swaffield

## Birthday Greetings

Today: Wayne Mock.  
Aug. 20: Judy Weston.  
August 22: Billy Webster, Ricky Shoemaker.  
August 23: Dawn Willis, S. J. Taylor.  
August 26: Margaret Erhard, Melinda Chapman.

### It Could Be—History In The Making

Next week, the Democratic convention gets underway at Atlantic City.

It will be quite a show — lots of speeches, singing (the Democrats always go in for a lot of music at their National Conventions) and giving the Republicans hell in general.

We advise all of you to watch and listen if you can. In our opinion, it could be History in the making.

If you listen real close, you may hear "The Yellow Rose of Texas," dancing to the tune of "The Tennessee Waltz," while the boards of "The Sidewalks of New York," are nailed on the coffin of the last remains of the Jeffersonian Democratic Party.

### U. S. Wide Quiz

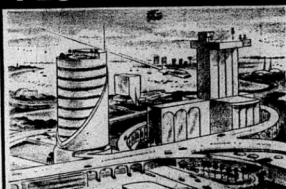

This quiz is made up of questions of general interest asked at five leading libraries across the country. See how informed you are before turning to the answers.

1. Where is the shrine of Fatima located?
2. Who wrote "Nothing so needs reforming as other people's habits"?
3. How many cups are there in a pint?
4. What is ceramophobia?
5. What organization distributes Bibles?
6. What is the capital of Venezuela?
7. Who wrote "The Naked and the Dead"?
8. What is a dolt?
9. Where is the world's largest post office?
10. What does NORAD stand for?

Glades folks have taken to Western States travel this year as never before, it seems and meeting, or just missing each other coming and going.

The W. H. Buss family, just back this week from spending the summer as usual in their California ranch home at Indio, report they find in talking with Francis Harris on their return, that they missed each other by just one day at Disneyland. The Buss family then, the 27th of July, the Harris family the 28th of July.

Enroute home, traveling through Kansas, they passed the George Wedgworth family who were headed west in their 20-ft-travel-bus at Salina, but received the state's first change of greeting. On reaching the W. J. Rawls home in Hendersonville, Tennessee, the Buss' found Mr. and Mrs. Wedgworth and family had been joined by Mr. and Mrs. Rawls, and Mr. and Mrs. Rawls, before leaving on the western tour that will take them through Oregon, Seattle and California.

Back to the W. H. Buss family. Mr. Buss, who operates a fruit ranch at Bakersfield and Indio, reports a good harvest of California oranges, pink grapefruit and white grapes.

All the family were together for six weeks at the ranch home — son Martin who returns this year for his college sophomore year at Nampa, Idaho, daughter Phyllis, who will be teaching English at a local high school, and a son, Fred, who is attending the University of Idaho, Moscow, and is a member of the Phi Kappa Psi chapter at Nampa.

Madison, Tennessee High School and twelve-year-old son Warren a Belle Glade Junior High student. Martin, we are informed prefers this western college where he is majoring in law, as it affords him lots of basketball and skiing.

Traveling 4300 miles on the return trip to Florida (about 2800 miles direct trip) the Buss family visited with his sisters in San Francisco and Tucson, then headed into Utah and Colorado, visiting Boulder Dam, Zion National Park, Bryce Canyon and other interesting points.

One of the highlights of the trip back was their visit to Silverton and Gray Colorado, old

The University of Florida'sferred 5,319 bachelors degrees, tor of philosophy degrees since College of Engineering has con-598 masters degrees, and 68 doc-its founding in 1905.

# SOUTH BAY AREA NEWS

PHONE REV. JAMES A. FENTON

Mr. and Mrs. Frankie Campbell and son Carl, of Cocoa, Florida, were weekend guests of Mr. and Mrs. Floyd Galus and Mr. and Mrs. Noel Campbell, of South Bay.

Miss Luann Martin is spending this week in Ft. Myers with her aunt and uncle, Mr. and Mrs. Wendell Smith.

Returning to Wichita State University in Wichita, Kansas, was Mr. Butch Davis, son of Mr. and Mrs. Marvin Davis. He was accompanied by Bert Davis to the University, where he will attend college with his brother, Butch.

Mr. and Mrs. Jack Warren accompanied their daughter, Mrs. Curtis Miner, as far as Apopka, on Friday, and there, spent the weekend with their son, Willis Warren, Mrs. Warren and children, and also their new grandchild.

Jimmy Jackson returned this past week from Pitts, Georgia, where he spent two weeks, visiting his grandfather.

Mr. and Mrs. Jesse Barnes and son Bert, and Mr. Pop De Lyon, had as a Sunday afternoon guest, Rev. Teddy Greenberger, of Venus.

Mr. and Mrs. Ray Sullivan and daughters, Judy Ann and Gail, traveled to Miami on business on Wednesday.

Mr. and Mrs. Bill Murray and daughter Jay Bea, of Lantana, were guests at the home of Mr. W. C. Allen on Sunday.

Mr. and Mrs. Jack Strickland, of Chiefland, were dinner guests at the home of Mr. and Mrs. R. A. Hall, on Wednesday.

Terry Cook, son of Mr. and Mrs. Otis Cook, of Okechanta, has just recently been released from St. Mary's Hospital, West Palm Beach, where he underwent surgery.

Mr. and Mrs. Raymond Elliott, former residents of South Bay, had as weekend guests from South Bay, Mr. and Mrs. Harvey Hodges and family.

Mr. and Mrs. H. A. Harrell, of West Palm Beach, visited Mr. and Mrs. Hurley Harrell, this past week.

Miss Faye Johnson and Miss Susie Willis, spent the weekend in Orlando, visiting Miss Gail Masonic, who was there vacationing for two weeks.

Mr. and Mrs. Larry Elliott spent Sunday in Key, Largo, with Mr. and Mrs. John Vranen.

Mr. William Masonic was a business visitor in West Palm Beach on Thursday.

Tommy Joe Hodges has spent the past six weeks with Mr. and

Mrs. Harvey Hodges, in South Bay. Mr. Joe Hodges, of Suwanee, and Jeff Hodges and son Larry, of Malone, Florida, spent the weekend with the Hodges also, and Tommy Joe Hodges accompanied his father home to Sneads.

Mrs. William Masonic and daughter, Gail, spent two weeks vacation, combining pleasure and business, at the Jamaica Inn, Orlando. Mr. Masonic joined them for the weekend.

Mr. and Mrs. Hurley Harrell traveled to Pensacola this past week and visited with Mrs. LaVerne Harrell and daughters, Barbara, Cheryl and Frankie. Miss Cheryl Harrell accompanied the Harrells back to South Bay for a two weeks visit.

Mrs. Bill Blackwell and children, Billy, Robert and Lisa Ann, spent Thursday of this past week at Ft. Myers Beach.

Mr. and Mrs. R. A. Hall spent Saturday and Sunday in White City, visiting their son and family, Mr. and Mrs. Rayford Hall and children.

Mr. and Mrs. James Scovener and children and Miss Franny Hall, traveled to Silver Springs over the weekend.

Mrs. Wanda Prevatt, of Indiantown, visited with her mother, Mrs. Armstrong, in Belle Glade, and Mr. and Mrs. Hurley Harrell, of South Bay, on Wednesday.

Mr. and Mrs. Bill Jeffries and sons, Bobby and Billy, of Palm Beach Village, visited Mr. and Mrs. W. M. Jeffries, Saturday, on their return from vacationing in Cashier, North Carolina.

Mr. and Mrs. Floyd Wilder and children, Teresa, Buddy and Sharon, spent Friday at Phipps Park, in West Palm Beach.

Rev. and Mrs. James A. Fenton traveled to West Palm Beach on Saturday, to conduct business.

Mr. and Mrs. Paschel (Pat) Martin and family, of Rhode Island, are visiting his parents, Mr. and Mrs. J. L. Martin. Pat is stationed there.

E. G. McAllister has returned from St. Petersburg, where he visited friends, and is now residing with Mr. and Mrs. Rufus Champion, in South Bay.

Mr. W. C. Allen and Rev. James Fenton traveled to Clewiston, Tuesday evening, and attended the Executive Meeting of the Big Lake Baptist Association, and the next day which followed at 8:00 o'clock.

Mrs. Ray Sullivan and children, Judy Ann, Gail, and Ray Jr., and Miss Nancy Cook, of West Palm Beach, visited with

Mr. and Mrs. J. G. Sullivan in Clewiston, Sunday afternoon. Homer Frasure Jr., of the ship S. S. Howard D. Crowe, visited his parents, Mr. and Mrs. Homer Frasure and family this past weekend while the ship was docked in Key West.

Mr. and Mrs. O. J. Teale and children, Gail and Billy, recently moved to South Bay from near Terry Town, on U. S. 27. They are residing at N. W. 2nd and Avenue.

## ALL FOR FUN... FUN FOR ALL

The 'Jeep' Universal takes you to where the fun is, no matter where that may be. It takes you hunting where only the raccoons run. Skin diving where your tracks are the only ones on the beach. Fishing at lakes other than the back roads are more fun than ever before. When you own a 'Jeep' Universal, there's no end to the uses you find for it.

Here's the 4-wheel drive family car that's built for years of service. Proven virtually indestructible all over the world. It's available in a wide variety of hard tops, soft tops, convertible tops. Wheelbases from 80" to 101".

VERSATILE, POWERFUL, VIRTUALLY INDESTRUCTIBLE

### Hamblin Funeral Held Tuesday

Funeral service for Walter B. Hamblin, 63, of Pahokee, were held Tuesday afternoon, at 2:00 o'clock at the Church of Jesus Christ of Latter Day Saints, in Belle Glade. Presiding Elder, J. K. Davis, conducted the service, with interment in the Port Mayaca Cemetery. The deceased had been a carpenter in Pahokee since 1915, and died after a lingering illness.

In addition to his wife, Annie Mae Hamblin, he is survived by five sons: Gordon Hamblin, Okeschokee; J. L. Hamblin, Okeschokee; James, Roy and Paul, all of Pahokee. Two stepsons, Sunny Prady, Norfolk Virginia, and Vernon, of Pahokee. Five daughters: Mrs. Abbie Dunlap, Blythe, California; Mrs. Attie Fay McClain and Mrs. Lil-

### CANDIDATES FOR BELLE GLADE CITY ELECTION

**Mayor LeBron Williams**  
Mayor LeBron Williams was the first to qualify for the City election, to be held September 15 and is running for re-election from the North Borough.

At time of filing, Mr. Williams made the following statement: "It is rewarding to be a part of PROGRESS of the fastest growing city on Lake Okechobee."

We are proud of the work accomplished and the work that has been started in keeping with the rapid growth of Belle Glade. The accomplishments of the past two years are manifested throughout the city.

The American way of life is basically the solution of local problems. The education received in acquiring cooperation of officials and citizens prompts me to (Continued On Page Eight)

**Palmer January**  
Palmer January, City Commissioner, from the Central Borough, for the last 6 years, filed Tuesday for re-election. January was the first elected in 1938 and served as mayor during the first year of his second term.

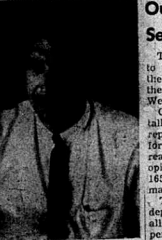

He was former district manager for the American Fruit Growers Association, but is now with Agricultural Insecticide Company, Inc. 47 E. Avenue B, January and his wife, Lucile, reside at 580 S. E. Avenue E. They have one daughter, Mrs. E. T. Phillips, who is employed with the Bank of Pabon.

A son, James, 18, who is a recent graduate of Montverde Academy, near Claremont, Florida, enlisted in the United States Navy last week, and has since been transferred to San Diego, California.

**Curtis Slade**  
The coming City Election in Belle Glade September 26th, shows promise of warming up a bit when Curtis Slade, local merchant, filed for a seat in the Commission, now held by Mayor Commissioner George LeBron Williams, and who has already filed for re-election.

Slade, a native of Eagar, Arizona, has resided here for the past 17 years. He is married to a local girl, the former Jewell Poole and they have 4 children. Slade has shown an interest in local affairs for the past few years. He is active in the Chamber of Commerce and at present second vice-president of the group. He is also the liaison man between the Chamber and the downtown Merchants Association. He is a member of the Ro (Continued On Page Eight)

**John L. Grady**  
Dr. John L. Grady, president of Belle Glade Chamber of Commerce, filed yesterday for a seat on the City Commission in Belle Glade, the seat currently held by Palmer January. Grady, 33 years old, came to Belle Glade, from Omaha, Nebraska, in 1961. Married to the former Carol Jones, from Kansas City, Missouri, they have three children: Alice, age 9; Jimmie, age 6; and Joey, age 3. He graduated from Creighton University School of Medicine at Omaha, in 1960 and interned at Mount Park Hospital in St. Petersburg.

Grady has been very active in civic affairs since moving to Belle Glade, and was elected to President of Chamber of Commerce, in October 1963. He is a member of the American Legion (Continued On Page Eight)

### Ninety-Seven Boys Out For Football

#### Sets School Record

The local Lions club was host to the entire coaching staff of the Belle Glade High School at their weekly luncheon meeting Wednesday noon.

Coach Bill Burke gave a short talk on the football team. He reported there were 97 boys for the team, but some had already been cut. He is of the opinion the line average about 165 pounds, while the backfield may be a bit more heavy.

The team will not have the depth of last year's squad, but in all, should come up to the performance record of last year.

### SPECIAL

Two more persons died in a tragic road accident yesterday, making a total of 20 to date for the Glades area. A truck, traveling North on U. S. 27, ran off the road traveled 400 feet down the shoulder, and collided with a tree stump, flipping over. The truck caught fire and burned the two occupants beyond recognition. The truck was a 1960 m. Wednesday, at present time, the occupants were as yet unidentified.

## Glades Road Improvements Under Study, Advises SRD

"Recommended improvements by the Road Department Engineers, which will contain recommendations for much needed improvements to roads in the Glades area."

### Gove Elementary Boundaries Given Schedules And Registration Today

All students served by Belle Glade Elementary School last year will register at the Belle Glade Elementary School on Thursday, August 27th. This will also include those who will be assigned to Gove Elementary School.

All students who have previously been enrolled in Belle Glade Elementary check the bulletin at the southeast entrance way for their names and room assignment. All other students will report to the Auditorium for registration and room assignment. This will include all first graders who have not received a card telling them of their room assignment. All students entering first grade for the first time must furnish the following: (1) Birth certificate; (2) Record of immunization.

Pupils who will attend Gove Elementary School will be able to meet their teachers on Registration Day, but only those enrolled in Grades 4, 5 and 6 will be able to determine in which room they will begin the school year.

Grades 1, 2 and 3 will begin the year in the Education Wing of the Community Methodist Church. Since these rooms are in use during the week of August 24-28 in connection with Youth Week, teachers of Grades 1, 2 and 3 will greet their pupils in the former Home Economics Room, Agriculture Building presently designated as Room 25. On Monday, August 31, these pupils will report to the Community Methodist Church, Education Wing.

All pupils enrolled in Grades 4 through 6 living within the following area will be enrolled in Gove Elementary School:

North boundary — Hillsborough Canal.  
West boundary — East side of 2nd Street.  
South boundary — Includes Lutz Subdivision and Vinegar Bend Area.

East boundary — All transportation students including Twenty-mile Bend and Brown's Farm area.

Department. After repeated inquiries to County and State Agencies, The Belle Glade Herald has been advised by wire that a report is being processed

The telegram was in answer to our wire of last week to Mr. Monahan. Although not answering in detail our questions, the statement that planning for improvements is underway, and the twenty-five feet of berm or shoulder will be required of future roads alongside canals is most optimistic. It is not desirable that this improvement of 80 includes four lanes.

The resurfacing of State Road 80 from our interpretation is only a temporary improvement until funds are available for a major overhauling. Let us hope that funds will be available at an early date.

Following is the reply received from The State Road Department:

Replying to your telegram of August 19, 1964 No. 1 the State Road Department works on a yearly basis budget and to the first of August this administrative has expended \$9,716,388 in Palm Beach County out of its primary funds. The amount of money expended in the road to the canal bank No. 3. The State Road Department is in the process of preparing a report on the proposed improvements to the road system in the Glades Area.

No. 4. The portion of State Road 80 between Clewiston and South Bay is under construction as a four lane divided highway at the present time. Our sufficiency rating maps show that the portion from South Bay to 10 mile bend is critical and from 10 mile bend to US 441 is tolerable. A critical area approximately four miles long east of US 441 is also indicated. Critical areas are considered as priority or improvement but due to the amount of monies available it is to bring the present road system up to standard.

Signed John H. Monahan, Member State Road Board and Turnpike Authority.

This paper will keep in constant touch with the responsible authorities to further remind them of our road conditions.

### Election Board

City Clerk Vera C. Jones, announces Election Board for the coming City Election, September 15th:

Clerk — C. W. McDonald  
Inspector — Milton Resant  
Inspector — Mrs. Peggy Pike  
Inspector — Mrs. Mildred Haney

The Election will be held at the Fire Station, next to the City Hall.

### Jaycees To Hold "Bucket Brigade" September 12th

The Palm Beach County Health Department has signed over to them, a mobile X-ray unit, by the State Board of Health. With the exception of a generator, this unit is complete. Before operation of the unit can begin in the county, a generator must be secured. The unit will remain in Palm Beach County, permanently.

The Palm Beach County Tuberculosis and Health Association, will purchase a generator and trailer, to be used with the mobile X-ray unit. On September 12th the Palm Beach County Jaycees, will hold a "Bucket Brigade," in an effort of one day, to raise the necessary funds for the purchase of this generator and trailer. The "Bucket Brigade" will be held county-wide. Paul Ham, of the Riviera Beach Jaycees, is chairman of the project.

Anyone wishing further information on this project, should call Bill Dennis, at Temple 2-1973. All help will be appreciated as it is very important to TB control in Palm Beach County, it was stated.

### Re-Registration To Be Held From Aug. 26 to Oct. 3rd

Supervisor of Registrations, Daniel Gorham, this week announced that voters in Precincts 26-51-55-97-99-109-114 and 116 will re-register in the Free-Hold (Property Owners) Re-registration, to be held from August 26th through October 3rd, 1964, at the Glades County Office Building in Belle Glade.

This re-registration is required in order to be able to vote in the 30 million dollar School Bond issue, on November 3, 1964.

### Bulletin

A few minutes before press time, The Herald received word of another candidate qualifying to run for city commission. H. C. (Connie) BOWEN, employed by Ron Marlowe Ford, Inc., and serving his second term on the civil service board, tossed his hat into the political ring.

### Mrs. Zumpf Is Reappointed To Hospital Board

Secretary of State Tom Adams today announced the reappointment of Mrs. Abby M. Zumpf, 1640 Northwest Avenue D, Belle Glade, Florida, as Member, Southwestern Palm Beach County Hospital Board.

## "I Know We Don't Want Communism" Knight Reports On Return From Russia

"We are no longer afraid of Russia or the communist way of life, as expounded by communists everywhere," said S. N. Knight, Belle Glade farmer, who has just returned from a 4-week tour of Russia and parts of Europe.

Knight, along with 16 other Farmers, Real Estate Brokers, and Bankers, went on a "people to people" tour, sponsored by the Florida State Agricultural Department, but each individual had to pay his own expenses.

The group left New York July 21st, flew to Paris, and there transferred to another plane, flying to Brussels where they spent two days before going on to Moscow.

The first thing they noticed, according to Knight, was the women were doing men's work. At the airport, they were directing plane traffic, and very few men were in evidence. Later, they noticed women spreading asphalt and laying brick and doing labor, that in America, is performed by men.

The first night in Moscow, a few of the group went down to the Railroad Station, and watched as thousands of Russian men, women and children poured in and out of the rail terminal.

There was no loud "king" no smiles.

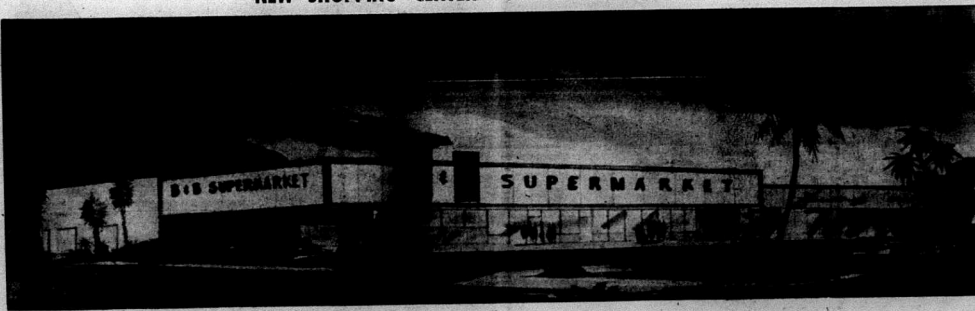

When conversation was necessary, it was in whispers. "It was an eerie feeling," said Knight, "like something was watching, or some disaster was about to happen."

The group visited one of the collective farms, between 50 and 80 thousand acres, about 40 miles out of Moscow. These farms are run something like a Corporation. One man is in charge, with several department heads under him, down to the "straw boss."

The farm they were on was good soil, Knight said, but its farms were dependent on rainfall, no irrigation. The farm machinery and equipment was about 40 years behind American standards, but they were doing a good job with what they had.

(Continued On Page 6)

### NEW SHOPPING CENTER TO OPEN IN FALL

Final plans are under way to begin construction of the Belle Glade's first shopping center, to be located on Southeast Avenue E. B and B Supermarkets of Tampa announced Tuesday afternoon that construction of the five to five unit will begin late this month, with plans to open in early fall of this year.

The 300 by 300 foot block building, with construction costs in excess of \$150,000 will house, along with the supermarket, a B and B Green Stamp Gift Center, and other stores in the process of being leased.

The ultra-modern 10,000 square feet B and B Market will employ approximately 20 people and will have a parking area to accommodate over a hundred cars.

Bill J. Bailey, local realtor, negotiated the purchase of the property, and will handle leasing of the remaining units.

C. C. Beaver, B and B President, stated that when completed, the shopping center will be the largest and most modern in Belle Glade.

largest in the proposed shopping strip and will be the largest and most modern in Belle Glade.

largest in the proposed shopping strip and will be the largest and most modern in Belle Glade.

## City Products Corporation Winner Glades Fast Pitch Softball League

City Products Corporation, winner of the Glades Fast-Pitch Softball League, completed a two-game sweep of the League All-Stars, with a 7-2 victory at Palokree City Park. City Products had won the opening game, 5-0, behind a three-hit effort by Phil Bonnell. Bonnell was the winning pitcher in the second game also, this time allowing but two hits, however, both of them were home runs by Frank Kruse.

Butch Butler led the City Products assault on three All-Star Pitchers with four hits. The All-League third baseman had six hits in seven trips to the plate in the two game play-off, one a two-run home run. Bonnell, who struck out 22 batters in the two games on two consecutive nights, was also the winner of the League's Best Pitcher trophy. During the regular 18-game season, Bonnell won nine games, did not suffer a loss. While pitching 59 innings he gave up only 24 hits.

### Line Scores

Brad Stewart won the League's Batting Trophy with a .423 average. Roy Goodson led the league with 24 runs batted in, and Kruse, Bonnell and Butler all finished with eight home runs.
